# Consultation on common close cleaning and bin return services

At our Tenant Conference last year a number of tenants stated they wanted the Association to look into providing the following services:

ng association

• close cleaning and/or

yJebank

• getting your bin wheeled back to the bin store after collection

We really want to hear your views on this. Do you think it would be a good idea to pay a bit more rent for these services? We are looking for a small group of tenants who are interested in helping us out to join a focus group on this subject and to explore potential costs.

If you are interested in joining our focus group, please contact our Communications Officer, Sinéad Boyle, for further information.

We will update all tenants after the focus group.

#### Yellow grids reserved for emergency vehicle access

These boxes are for emergency vehicle access only and it is essential they are kept clear at all times.

Any vehicles using these areas for parking are breaking the law and we will report all incidents to the Police along with photographic evidence. The Police have the power to fine any motorist abusing these access areas.

Further to this, we regard this practice as anti-social

behaviour which is in breach of the tenancy agreement. Action will be taken against any tenants parking in these areas.

Please report any vehicles parked in these areas to your caretaker. Outwith office hours, you should report this directly to the police by telephoning 101 and giving them the vehicle registration number. NO PARKING at anytime on the yellow grid KEEP CLEAR 24 hour access required for emergency vehicles

# The 'Your Community' Team

Your Community assistants are working in the Radnor Park area. You can contact them to report any issues in your community such as anti-social behaviour. This is repetitive behaviour which causes fear, alarm or distress. You can call one of the numbers below:

• Clydebank team 07585 883 058 / 057 / 055

Please also call and let the Association's Housing Team know on 0141 941 1044.

Other useful numbers for anti-social behaviour are:

- Council's anti-social behaviour helpline 01389 772048
- Police Scotland Non-emergency 101 / Emergency 999
- British Transport Police 0800 40 50 40 or text 61016

#### Verandas... a breath of fresh air

Your veranda is a great place for you to enjoy some fresh air and take in the pleasant views surrounding you and on those rare days that we get some sunshine you can top up your tan!

Whilst we hope that you get the opportunity to use your veranda for your enjoyment, it should not be used for hanging washing out to dry or used as a storage area as this can look unsightly and is a breach of your tenancy agreement. It is also important that you keep it clean and clear of bird droppings.

## **Caretaking Service**

Our three caretakers based at the flats keep the public areas, lifts and outside areas in good order. They are also there to assist and give advice to tenants on various matters, for example, what the arrangements are for disposing of bulk items, allocating spare laundry turns, preparing lifts for tenants moving in or out of a block. Caretakers' contact details can be found on the noticeboard in each block or a message can be left on the landline number 0141 951 1642.

## **Major Repairs Update**

#### **Bathroom renewals**

We have started this renewal programme in some properties (in voids and adaptations) and are in the process of finalising costs and a programme of works with our contractor. Once this stage has been completed we will be in touch with tenants to arrange survey visits, hopefully in 6-8 weeks, and confirm installation dates.

#### **Foyer refurbishments**

We will be carrying out foyer refurbishments at a further 3 blocks between September 2017 and March 2018. Following completion of the pilot at Lusset View we are now looking to include a refurbishment of the external elevation to the first floor and once we have received prices for this work we will be able to advise you when the works will start and at which blocks.

#### **Emergency lighting batteries/invertors**

This work will be carried out during this financial year.

## Condolences

Our thoughts are with all those affected by the tragic Grenfell Tower fire in London. Should you have any concerns about safety in multi storey flats, do not hesitate to contact us.

# If you live in a multi storey flat...

The buildings have been designed and built with safety in mind. The walls, the doors between flats, stairs and corridors are specially designed to resist fire and stop the spread of smoke. When they are not in use, these doors should be kept closed.

If there is a fire, it will normally be safe for you to stay in your own flat. But if your flat is affected by the heat or the smoke, leave at once, closing windows and doors behind you.

Never use the lift in the event of a fire - always use the stairs.

# Please use the bin chutes responsibly

Please use the following method for items not allowed in bin chute:

**Recyclable materials** – these should be kept in your home and put out in your small blue bin on the collection day as designated by the Council.

**Large or bulky items** (larger than the size of a small bin bag) – please contact your caretaker for advice and assistance. Under no circumstances should any bulk items be left in landings, main entrances or stairwells.

**Food waste** – should be tied in the waste bags provided by the Council and taken to the brown bins located outside the flats.

#### **Radnor Park AGM**

## Dog fouling continues to be a problem

Exercising of dogs is not allowed in any of our common areas. Dog owners should walk their dogs away from all our closes and back court areas. Any tenants found to be allowing their dogs to exercise or foul on Clydebank Housing Association land will have action taken against them for breach of their tenancy agreement.

The message is clear. If you don't clean up after your pet then you are breaking the law and could face a  $\pounds 80$  fixed penalty, rising to  $\pounds 100$  if not paid within 28 days. Report incidences of dog fouling to West Dunbartonshire Council on 01389 772059.

## **Tenant Panel Update**

Our Tenant Panel, made up of 7 tenants, is the Association's "critical friend". During April the Panel were involved in our Business Plan review with our Senior Staff and recommended many changes to target timescales which have been taken on board.

In May, the Panel took part in Stepping up to Scrutiny training, to give them the tools and confidence to use performance information to ask questions of us, to make sure our policies and processes are working, taking into account cost, performance and tenant/customer satisfaction, with the overall aim of improving services for everyone and to achieve good value for money.

#### **Connecting Clydebank Consultation**

West Dunbartonshire Council's Connecting Clydebank project aims to improve connections between Clydebank town centre and Queens Quay and to encourage people to walk, cycle and use public transport. Keep an eye out for the consultation event (expected late summer) to have your say! Proposals include, reducing the speed limit to 20mph between the Clydebank Library to the west and Argyll Road in the east, creating wider footways at key locations such as Clydebank Library, Town Hall and the main routes into Queens Quay and removing kerbs and barriers associated with the existing central reservation.

## UC Universal Credit

Under the new Universal Credit system, Housing Benefit is paid directly to tenants (alongside all other applicable benefits) making them solely responsible for managing this money and paying their rent in full and on time. This could result in tenants falling into arrears if they do not pay. We can assist tenants currently receiving Universal Credit to ensure this does not happen and help other tenants prepare in advance of any change to Universal Credit.

It is important to note that in order to receive Universal Credit, claimants must have a bank account capable of electronic payments. We can help tenants with this also. Don't hesitate to contact your Housing Assistant with any questions you may have.

## Wipe out blocked drains.

## Your Right to Repair - Annual Reminder

The Scottish Secure Tenants (Right to Repair) Regulations 2002 contains provisions for a statutory Right to Repair scheme to cover the right of all tenants on a Scottish Secure Tenancy to have certain small urgent repairs carried out within given timescales. It also makes provision for compensation to be paid to the tenant should a qualifying repair not be completed, without good reason, within a maximum period.

The following table lists the types of repairs considered to be qualifying repairs and the timescales within which they must be carried out:

#### How can I find out more?

The full Right to Repair Policy is available to download from our website or on request from our office.

If you want to know more about your rights, you should get advice from a solicitor, your local Citizens' Advice Bureau or contact the Maintenance Section.

Y 🙀

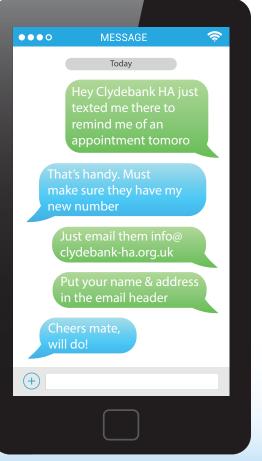

We are still waiting on guidance for implementing the above Act, which could affect all of our tenants at some stage in their tenancy.

Some changes have already been actioned – the end of the right to buy in August 2016 was because of this Act. Other changes are likely to affect allocations, the succession and sub-letting of tenancies, the assignation of tenancies to another and the creation of joint tenancies.

As soon as we know more, we'll let you know!

Thank you... We are pleased to receive many compliments on our service when we get things right. We thank customers for taking the time to contact us. We really appreciate it.

## Locking Cooker Valve

Scottish Gas Networks (SGN) understands that their vulnerable customers, such as people with Alzheimer's or autism, need extra safeguarding in place. Statistics show that elderly and vulnerable people are at a much greater risk from gas leaks and fires in their homes.

They have developed an award-winning locking cooker valve to help vulnerable customers retain their independence at home and provide reassurance to family, friends and carers.

The simple safety device is fitted to existing gas cooker pipework. When the valve is locked, the gas supply to the cooker is stopped. This eliminates the risk of the cooker being unintentionally turned on or left on, and gives

Margaret Hunter

SGN Your gas. Our network.

peace of mind to the carer or relative that the cooker can't be used when they leave the house or the room. The carer or relative can easily turn the valve on using the key when the cooker is required, enabling the vulnerable person to continue to use their gas cooker safely.

They provide this free service regardless of your gas supplier. You don't need to change energy supplier or inform your supplier of the device. To request a device, visit www.sgn.co.uk/Safety/Locking-Cooker-Valve/

# The common stair is your only means of escape in the event of a fire.

Have you ever thought what you would do if fire were to break out in your stair? It may not necessarily be in your flat! A fire started in a common stair could kill you and your family. Even a small bag of rubbish can create enough smoke to fill a whole stair. Items left in a common stair are often deliberately set on fire.

# Keep it clear

- · Get rubbish, old furniture, etc out of the building
- Make sure storage areas are kept locked
- For advice on uplifting items contact your local Council

# If fire does start

- Keep doors closed to prevent smoke filling your house
- Dial 999 and ask for the Fire and Rescue Service, giving as much information as you can

# **Staff & Committee**

June 2017 Issue No. 68

The Management Committee makes all the important decisions about what we should be doing and how we should be doing it.

Staff are employed by the Management Committee to act on these decisions and to carry out our day-to-day work.

#### Meet the Committee

In this edition, we ask **Tom McCormack**, **Chairperson** of our committee of volunteers, our Management Committee, about his role...

I've been a Management Committee member... for 8 years. I joined to give my views on what tenants required.

The most rewarding aspect... was being involved in the process of hiring the Chief Executive. Also being involved in the new build at Graham Avenue. Volunteers are the backbone of the Association. Without them it is difficult to make decisions.

## Congratulation to Staff

Congratulations to our Finance Officer, Fiona White and our Maintenance Officer, George Stevenson, who have both recently obtained a professional factoring qualification with The Institute of Residential Property Management (IRPM). After passing the examination, they are both entitled to Associate Membership of the Institute.

Also, our Clerical Assistant, Drew McDougall, has recently completed his Chartered Institute of Housing Level 2 Certificate in Housing Practice and Jack Devlin, Maintenance Officer, has successfully completed the first year of the HNC in Construction Management. The knowledge and skills Jack has gained during this course are already being put into practice.

When I'm not busy with the Association... I enjoy doing family history research.

I see the big challenges over the coming year as... changes in benefits, rising inflation and potential Government legislation change.

Get involved... you'll find it very rewarding.

A staff member from each department in the Association volunteers on a Customer Service Improvement Group to identify possible improvements to your experience in dealings with our office.

George and Fiona

# **Community Garden**

## **Funding Success!**

In April 2017, we were successful in securing funding from the Scottish Government's Climate Challenge Fund (CCF) for our Community Gardening and Cycling Project.

The project will expand our community growing project already in place at Centre81 to Radnor Park by creating its own community garden as well as including a cycling aspect to promote sustainable mate transport. Of course all of this will, we hope, not just enge benefit our Radnor Park residents by providing a community growing space for them to get actively involved in but by producing fresh fruit and vegetables, it will go some way to address climate change by reducing carbon emissions in the process.

We hope that the new Community Garden will generate a lot of interest from local residents, members of the community and local school/nursery groups and that we can encourage volunteers to help out.

# **Owner News**

A warm welcome to new owners who have recently purchased a property and are now included in our factoring service.

#### **Factoring Service**

We are fast approaching the fifth anniversary of the introduction of the Property Factors Act.

SOL

As many of you may remember, following the introduction of the new Act, we embarked on a process of seeking formal appointment as Factor by holding meetings with owners in each block and asking you to cast your vote. It was our belief at the time that this lengthy process would have to be repeated every 5 years, however, we have recently taken advice on this matter and have been informed that there is no requirement to do so. Therefore we will continue to provide your factoring service.

It is important to us that you are happy with the service provided and we are delighted that our most recent owners' satisfaction survey shows that 90% of owners questioned are 'very satisfied' with the factoring service. More details on the survey below.

If you would like to discuss this or any other matter relating to the factoring service, please don't hesitate to get in touch.

#### Owner Satisfaction

Thank you to our owners who took part in our owner satisfaction survey. 100 took part in the independent telephone survey and were asked how satisfied or dissatisfied are you with the factoring services provided by Clydebank Housing Association. **92% replied very/or fairly satisfied**. We are very pleased this is up 2% from our last survey. We will still continue to strive to improve upon this.

We invited suggestions for improvements from all owners and will work our way through the feedback in the coming weeks.

## Spotlight on Complaints

We aim to provide an efficient and cost effective factoring service to you and will endeavour to make improvements when things go wrong.

In the period 1 January to 31 March 2017, we received 3 complaints relating to our factoring service. One complaint was upheld. The improvement made as a direct result of this complaint was: -

 The importance of updating records with details of agreed payment arrangements, was conveyed to all relevant staff

A copy of our Factoring Complaints Handling Procedure is available from the download area of our website. Alternatively, contact Fiona White at the office.

#### Compliments

As well as welcoming complaints from owners when things go wrong, we are also pleased to receive compliments on our factoring service when we get things right.

In the financial year up to 31 March 2017, we received the following compliments from owners: -

- An owner complimented our roofing contractor, stating that he couldn't praise them highly enough, that they worked non-stop, were very tidy workers and their workmanship was first class.
- An owner thanked a staff member for being helpful and stating that it was a joy to be dealt with so efficiently.
- An owner praised our Factoring Department, stating that every dealing he has had with us has been excellent and suggested that other factoring organisations could "do with taking a leaf out of your book".
- An owner told us that she was happy with the prompt service provided by the Maintenance Department.
- The daughter of an owner informed us that she had always been impressed with the bills that her mum received from us whilst she was an owner.

# **Tenant Satisfaction**

June 2017 Issue No. 68

Thank you to the 430 tenants who took the time to speak with the independent company, Research Resource, in our recent tenant satisfaction survey. The results are in!

We are very pleased with the results, with several remaining the same and 5 improving, most importantly the number of tenants who feel we treat them fairly and with respect. However, 6 areas have lower satisfaction, significantly satisfaction with the repairs service. We are working hard to address this.

We have also been passed a list of those tenants who wished their details to be passed on because they had ideas, comments or dissatisfaction and we will be contacting them shortly.

Our results, some of which we report to the Scottish Housing Regulator via our Scottish Social Housing Charter Return (ARC) are shown below. Full report available by contacting

Notes: The previous figures quoted based on 280 tenants 2015/2016. 2017 based on 430 tenants. % s based on those who 15 responded very/fairly satisfied or those who responded yes, where appropriate and some are rounded up to nearest %.

# Could we help you save money & energy?

#### Simple tips for your home

Kettle Don't boil a full kettle every time, only boil the amount you need.

#### Curtains

Close your curtains at dusk to retain the heat in each room. In the winter line your curtains or use thermal or heavier curtains to save money\*

#### Light bulbs

Replacing just one old light bulb with an energy saving recommended one can reduce lighting costs by up to £78 over the lifetime of the bulb. Plus they last up to 12 times longer than ordinary light bulbs\*

#### Washing machine & dryer

Wash full loads rather than just a few items. When possible use a setting of 40°C or even 30°C. By doing this you can use 1/3 less electricity. Also, you'd be surprised at how much you save by ditching your dryer. In the summer, use an outdoor line\*

#### Taps

A dripping hot water tap can waste enough hot water to fill half a bath in just one week, so fix leaking taps and make sure they're all fully turned off\*

#### **Appliances**

Before you go to bed turn off the power to appliances such as TV's, Stereo's, DVD players and any other items that do not need to stay on. These appliances can consume considerable amounts of energy while on standby.

#### Vacuums

Empty your vacuum cleaner regularly. A full one will use more energy than an empty one to do the same job, as it will take longer to do the same amount of work, as well as being more likely to break down\*\*

#### Shower/Bath

Use the shower rather than the bath whenever possible - it uses considerably less energy. Also, as showers and baths account for most of a household's hot-water use, cutting showers from 20 minutes to 10 minutes could slash water-heating costs by 25 % (approx. £80 a year)

#### Washing

Hang your washing up to dry outside if you can. If you need to use a radiator then avoid putting the clothes directly on the radiator, which can make it work harder to provide the same level of heating\*\*

#### Ovens

Turn off your oven 5-10 minutes before the scheduled end cooking time, depending on the total time your food has had in there. Ovens are one of the most energy-hungry appliances in the home and you can use the built up heat to finish the cooking\*\*

#### Time to raid

your piggybank! From 15 October 2017 shops will no longer accept the round £1 coin, but you will still be able to take them to your bank. The Royal Mint is encouraging everyone to use their round coins or return them to your bank before 15 October.

#### Want our help to pay less? New Pilot Scheme

Whether your household is living in fuel poverty (spending over 10% of income to heat your home) or your energy bills are manageable, everyone would like to be paying less on their energy. One way of achieving this is for households to have greater control over their energy usage in order to use its energy more efficiently. With this in mind the Association has been approached by Secure, a company renowned for creating energy meters and controls, to provide our tenants with the opportunity to take part in a pilot scheme for their new Beanbag product

(shown). The product is a Smart app based control giving better flexibility of control even when out of the house. This can give a more efficient level of control helping the user save money on fuel and improve carbon emissions.

If you are interested in taking part in a trial of the Beanbag product please complete the feedback form on the back page and return to us.

#### **Charter Review**

The Scottish Government introduced a Scottish Social Housing Charter in April 2012 and it was reviewed in 2017. The Charter shapes the way we do a lot of our work. It sets out the standards and outcomes that customers can expect from social landlords

and allows comparisons to be made between landlords. Call us if you'd like a copy, visit our website or www. scottishhousingregulator.gov.uk/
