

"Offering our community more than a home"

Rent Policy 2022/23 (Final)

Management Committee submission:	7 February 2023
Last Approved:	February 2022
Date Approved:	7 February 2023
Next Review date:	November 2023

CHA Objectives:

- To provide quality, affordable housing that meets the changing needs of our customers and to ensure fair access to housing within our area.
- To manage the houses provided, in a professional and cost effective manner, for the benefit of our local community and the environment.
- To provide a first class maintenance service which offers value for money and ensures the comfort and safety of our residents while achieving high levels of satisfaction
- To ensure local decision making and community control, we will encourage our tenants and other customers to influence our policy and participate in decisions, which may affect them.
- To ensure that our resources are adequate to deliver our objectives by investing in our people, demonstrating value for money and through robust procurement practices.
- To promote social inclusion by applying principles of equality and diversity to everything we do.

Regulatory Standards:

- The governing body leads and directs the RSL to achieve good outcomes for its tenants and other service users.
- The RSL is open about and accountable for what it does. It understands and takes account of the needs and priorities of its tenants, service users and stakeholders. And its primary focus is the sustainable achievement of these objectives.
- The RSL manages its resources to ensure its financial well-being while maintaining rents at a level that tenants can afford to pay.
- The governing body bases its decision on good quality information and advice and identifies and mitigates risks to the organisation's purpose.
- The RSL conducts its affairs with honesty and integrity.
- The governing body and senior officers have the skills and knowledge they need to be effective.

Any breach or non-compliance with legislation/regulatory requirements in relation to this Policy constitutes a Notifiable Event and the Regulator will be informed via the SHR Portal.

This policy can be made available on request in a variety of different formats, such as on tape, in large print and translated into other languages.

Equalities commitment

The Association aims to be non-discriminatory in its policies and practices. We aim to promote equal opportunity by the prevention, elimination or regulation of discrimination between persons on grounds as laid out in the 2010 Equality Act. We recognise the nine groups as laid out in the act and full details can be found in our Equal opportunities Policy.

Clydebank Housing Association seeks to embrace diversity, promote equal opportunities for all and eliminate any unlawful discrimination in all areas of our work.

A full equalities impact assessment was carried out as part of this policy review and can be found at the end of the policy.

CLYDEBANK HOUSING ASSOCIATION
RENT SETTING POLICY 2023/2024

 - 3.1 Basic Mechanism (Core Stock)
 - 3.2 Former Secure Tenancies
 - 3.3 Transferred Stock
 - 3.4 Cluster Flats / Leased Properties
 - 3.5 Housing Support
 - 3.6 Shared Ownership
- 4 Service Charges
- 5 Affordability
 - 5.1 Analysis of Costs Covered by Rent Charge
 - 5.2 Viability & Affordability
 - 5.3 Analysis of Comparable Rents and Other Options
 - 5.3.1 Comparability
 - 5.3.2 Other Options
 - 5.3.2.1 Owner Occupation
 - 5.3.2.2 Shared Ownership
 - 5.3.2.3 Alternative Renting Options
 - 5.4 Worked Examples & previous years rent increase details

1. General Principles To Be Applied In Rent Setting

In formulating the Association's rent policy, the following principles were applied:-

- 1.1 The rent policy should be fair. It should be capable of being applied to all properties and able to reflect the different amenities and facilities that each dwelling offers (page 7).
- 1.2 The rent policy should set rents at a level that covers the Association's costs and allows it to carry out its Management functions effectively. Costs that must be covered for 2023/2024 are laid out in Appendix 5.1 (page 11)
- 1.3 Rents should be set at a level that is affordable to the client group that the Association aims to serve, especially those in low paid full-time employment. (page 15)
- 1.4 Rents should be comparable to other local housing providers. (page 17)

The Association targets its activities at those people who are in greatest housing need and who are failing to meet their housing aspirations by any other means.

In line with other Associations, we can demonstrate that our tenants rely heavily on welfare benefits and are restricted in their choice of housing by their income levels. During 2021/22, 57% of tenants received either a housing benefit or a universal credit payment at some point during the year to cover their rent either in part or in full (source – 2021/22 ARC return). This accounted for £2.01m (46%) of the total rental income received.

The Association recognises that although welfare benefits ease the burden on those who have the lowest incomes, the action of high rents exaggerates the 'poverty trap' restricting a tenants' ability to find employment that improves their financial position.

Rents that are not affordable cause hardship and as a result management problems (such as high arrears) are likely to increase. Evictions also lead to homelessness for tenants who then find it difficult to secure alternative accommodation and can lead to social exclusion.

2. Rent and Service Charge Review

The rent review date will be 28 March each year for SSTs, SSSTs, sharing owners and leased properties. The rent review date for former secure tenants (fair rents) will be 3 years from the date the rent was last reviewed if residing in the same property.

Service charges can be reviewed more than once in a twelve-month period, in consultation with the tenant or sharing owner. The annual review date will be 28th March each year.

All will be given at least 28 days' notice, in writing, of the new annual rent, inclusive of service charges.

Timetable for rent setting process

The following information/events and dates will be followed for the rent setting process each year. Please note that the schedule does not include exact dates due to the varied sources of required information and its fluid nature.

<u>Rent Setting Milestones</u>	<u>Month</u>	<u>Responsible</u>
Collation of current rent data from Housing Management System – rent and service charge numbers and amounts	November	HHS/HSM
Provision of service charges from Finance	November	HFCS
Provision of rent setting information from Housing Services to Finance for viability measure	November	HHS/HSM
Plumbing in of rents for affordability measure	November	HHS/HSM
Formation of rent setting consultation and service charge reports for Management Committee	November	HHS
Presentation of reports to Management Committee	November	HHS/HSM
Rent Policy Consultation article in Chit Chat newsletter/website	December	HS/Comms
Meeting and confirmation of rent options (Senior Staff)	December	CEO/HHS/HFCS
Drafting of individual consultation booklet for tenants	December	HHS/HFCS/Comms
Individual consultations sent to tenants	December	HS/Comms
Consultation period (4 weeks)	Mid December to Mid-January	Comms
Consultation meeting with tenant groups	Mid-January	HHS/HFCS
Collation of consultation data	January	Comms
Firming up of all budget figures for inclusion in rent setting policy	January	HFCS
Revision of rent setting policy	January	HHS
Presentation of revised Rent Setting Policy to Management Committee	January	HHS
Processing of new rents and notification to tenants	February	HS
Confirmation of rent setting process in Chit Chat	April	HS/Comms

Key for responsibility:

HHS (Head of Housing Services), HSM (Housing Services Manager), HFCS (Head of Finance & Corporate Services), HS (Housing Services), Comms (Communications Officer), CEO (Chief Executive).

Consultation

We are required to consult with tenants as part of the rent policy review, we undertook a consultation exercise using the following methods:

- We consulted with tenants through the December 2022 Chit Chat newsletter.
- All tenants and sharing owners also received an individual written consultation containing details of the rent policy along with a choice of 3 options for increase. Each option offered a different degree of rent increase as follows:
 - Option 1 - rent increase of 3.0% with existing services
 - Option 2 - rent increase of 4.0% as at option one, but including a dedicated pot of money for enhanced support services
 - Option 3 - rent increase of 5.0% as at option 2, but including further enhanced support services/expansion support posts
- All options were based on issues as highlighted to us by our tenants during wellbeing calls and through surveys carried out during the year.

We received a total of 164 responses to our consultation from tenants/sharing owners (13.5%). 50% of responses were received online via the website and 45% were via post. 160 responded to the rent options question (13.1% response rate, which is up from the 9% response achieved last year). 68.8% of responders choose option 1, 25.6% option 2 and 5.6% option 3.

- We consulted directly with our local tenants group at an office based meeting on 2 February 2023, and we received positive comments regarding the rent setting process.
- As part of our last consultation (2022), we asked tenants 'is your rent affordable'. From the 97 who answered this, 86 (87%) said yes, with 11 (13%) saying no. This is an increase in satisfaction from last year where 78 people answered and 64 (82%) said yes, with 14 (17.9%) said no. This question will be asked again next year. Affordability is covered in more detail on page 15 of this policy.
- Finally, we notified tenants of our intention to move the rent debit date back from 28 March to 1 April. This will allow all figures for the ARC to come under the same accounting period, as well as improved financial accounting processes. Tenants are able to keep their current payment date if they wish, it just means the rent charge will not show on their account until 1 April. 150 responded to the request and 85.3% agreed to the change, with 14.7% not agreeing.

In view of the consultation outcome, it is recommended that we base our rent increase amount on option 1 as listed above. The table on page 11 details the exact increase percentage required to achieve option 1 based on the now firmed up figures derived after the consultation process. Based on the above tenant views, we will also move back the debit date from the 28 March to 1 April.

3. Rent Mechanism

3.1 Basic Mechanism (Applied to all stock at point of re-let for rent calculation)

The Association's chosen method for rent setting is via an assessment system. The system is based on core rents which reflect the size of a property with additional premiums / deductions depending on the attributes of each property. This provides the yearly rent to be applied to each property. The charge for services is added separately.

The rents and premiums for 2023/2024, are as follows. Figures include a 3.0% rent increase, representing our tenants chosen option :

<u>House Size</u>	<u>Core Rent Per Annum</u>
2 apartment 1 person	£3,120.16
2 apartment 2 person	£3,307.40
3 apartment 3 person	£3,491.55
3 apartment 4 person	£3,673.28
4 apartment 4 person	£3,857.71
4 apartment 5 person	£4,039.31
4 apartment 6 person	£4,223.65
5 apartment 6 person	£4,775.99
5 apartment 8 person	£5,799.20
6 apartment 10 person	£5,880.67
7 apartment 10 person	£5,939.53

<u>Amenities</u>	<u>Premium Per Annum</u>
Double glazing	£68.76
Central heating	£123.80
Dining kitchen	£82.53
Additional WC or en-suite bathroom	£55.02
White goods	£55.02
Private garden/patio space/enclosed balcony (flats)	£82.53
CHA build	£152.86
Modernised build	£287.59 (per person size)

<u>House type Premium</u>	<u>Premium Per Annum</u>
Flat with private access	£76.41
Four in a block	£110.02
House	£217.02

<u>Negative Amenity Discount Per Annum</u>	<u>Discount Per Annum (does not apply to newbuilds post 2007)</u>
Ground floor flat (unless family sized or special needs)	£55.02
Third floor accommodation	£55.02
Internal kitchen/open plan kitchen	£82.53
Bad neighbour development (e.g. late license shop)	£82.53
No parking facilities	£27.49
Multistorey Flat Discount	£51.69

3.2 Former Secure Tenants

The rents relating to former secure tenants where the right to have a fair rent set has been protected under the Housing (Scotland) Act 2001 are set by the rent officer who takes a wide variety of considerations into account. The Association can recommend rents according to its own view of a reasonable rent for any given property. The Association currently calculates the proposed rent as per the rent mechanism for rent setting described above and adds on any relevant service charge.

The rent officer can then assess the rent considering such factors as comparability with all local landlords, including the private sector. Tenants have the right to appeal to the Rent Registration Service about their rent increase. Tenants will be given 28 days' notice of their rent increase. There are currently only 2 tenants who fall into this category.

In instances where the Rent Registration Service sets rents at a higher amount than requested by the Association, the Association will charge the tenant the lower amount.

3.3 Housing Stock and Other Landlord Increase Comparisons

Any rent increase applied to the housing stock is based on the management and running costs of the Association. Whilst the December RPI figure is no longer used to calculate any rent increase it still has an influence on our management and running costs, as well as our 30-year business plan. For information, the RPI for December 2020 was 1.2%. Although we have applied below inflation rent increases for five out of the last nine years, it is not viable to continually do so as it would have a detrimental effect on our 30-year plan.

For comparison, some other rent increases we are aware of for 2023/24 are :

<u>Landlord/Benchmarking body</u>	<u>Proposed Increase 2023/24</u>	<u>Approval</u>
The Glasgow West Of Scotland forum (GWOS)	5.0%	Average of the group
West Dunbartonshire Council	4.0% or 5.0%	Subject to approval
Trafalgar Housing Association	0.0%, 3.0%, 5.0% or 7.0%	Subject to approval
Knowes Housing Association	4.9%	Subject to approval
Faifley Housing Association (Caledonia transfer agreement)	Unknown (likely 0% or 5%)	Unknown
Cordale Housing Association	5.0%	Subject to approval
Dunbritton Housing Association	5.0%	Agreed
Caledonia Housing Association	5.0%	Subject to approval
Dalmuir Park Housing Association	5.0% or 7.0%	Subject to approval

Based on the above, our proposed increase of 3.0% compares very favourably, both locally and with our benchmarking group.

3.4 Leased Properties

The rent for each of the hostel type properties at Alexander Street will be calculated as if each flat is equivalent to three 2 person 2 apartment properties each with service charges.

The rents for leased properties will initially be agreed by all parties and will form part of the lease agreement. The rent review for leased properties will take place on 28th March each year with one month's notice being given. The percentage increase will be in accordance with the increase implemented within the stock type i.e. either the core stock increase or the increase applied to the transferred stock.

3.5 Housing Support

The Association has entered into management agreements with support providers in relation to some of the Associations tenants who have support needs. Where the Social Work Department has nomination rights to these properties the management agreement may have a clause in relation to a void charge. Individual agreements will specify.

3.6 Shared Ownership

For shared ownership accommodation a calculation was applied in 2003 – 2004 that made an allowance for the percentage owned by the sharing owner and made a deduction to allow for the sharing owner to carry out their own repairs. From that base rent there will be annual increase applied by the percentage increase applied to the core stock.

Sharing owners have the right to appeal to the Rent Registration Service (RRS) with regard to their rent increase. The decision of the RRS will be binding on both parties. Costs relating to an appeal will be apportioned by the RRS.

4. **Service Charges**

Service charges will be applied separately as per the service charge policy HM POL12 as proposed at the January 2023 management committee meeting.

Viability & Affordability

5.1 Analysis of costs covered by rent charge - Table 5A Viability / Table 5B Major Repairs Sinking Fund

Table 5A Viability

The rent review is based on the actual costs of managing and maintaining ALL of the housing stock. All costs are based on results to 31 December 2022, estimated costs to the year end and the 2023/24 information from the 2022-27 Financial Plan. In November 2022, the Management Committee approved the tenant consultation levels for possible rent increase options of either 3.0%, 4.0% or 5.0%. These were the minimum levels required, based on the November report, in order to continue to cover our management and maintenance costs for the forthcoming financial year.

COSTS	NOTES (See Pg 12)	INCREASE:	<u>RENT PLUS 0%</u>	<u>RENT PLUS 2.0%</u>	<u>RENT PLUS 3.0%</u>	<u>RENT PLUS 4.0%</u>	<u>RENT PLUS 5.0%</u>	CPI Only <u>RENT PLUS 10.5%</u>

RENTAL INCOME	8		4,662,674	4,755,927	4,802,554	4,849,181	4,895,808	5,152,255	
(Deficit) or Surplus	9		(106,360)	(18,701)	25,128	68,957	112,786	353,846	
					<u>Option 1</u>	<u>Option 2</u>	<u>Option 3</u>		

NOTES	
1	Rental voids and bad debts are estimated at 6% (0.5% and 5.5% respectively) of the rental income and this is still a prudent estimate in relation to our latest reported performance of 0.14% and 3.69% (Sept 2022). The ongoing impacts of Covid-19/current Cost of Living Crisis are constantly being monitored on the effect this has on our recovery rates and this increased level of 6% has been incorporated into our long term 30 year Financial Plans.
2	Management Costs have been extracted directly from the DRAFT 2023/24 Budget (to be presented to the Management Committee in Feb 2023) and are based on actual spend to 31 Dec 2022, estimated to 31 March 2023 and amounts per the 2022-27 Financial Plans. Included in Management Costs, staff remuneration has been increased due to additional pension contributions for the current scheme, and the estimated cost of living increase from April 2023.
3	Maintenance costs have been extracted from the fully costed Life Cycle Costing document in respect of all stock. The figure includes £522k of reactive maintenance, £283k required for cyclical maintenance and additional void costs and the new units. This increased amount for cyclical costs is required to be incorporated into the rent setting process in accordance with the sinking fund. A revised LCC document was prepared in the 2020 review.
4	Service costs relate only to those costs which are currently non-recoverable through rents, e.g. common close lighting, caretaker services and grounds maintenance/landscaping works. This figure has reduced substantially from previous years as we continue to harmonise the rent and service charges.
5	Loan Repayments are based on all loans we have with CAF Bank and Clydesdale Bank. This amount includes capital and interest payments and agrees to what has been provided for in the 2022-275 Financial Plan. The loans amounts payable for the Queens Quay development, Linnvale development, Bowling club units, HEEPS funding (interest free loan of £860k) and the Electric Vehicles interest free loan have also been incorporated.
6	Major repair costs have been derived from the recent Life Cycle Costing Programme (LCC) which indicates a provision of at least £1m per annum being set aside for future major repairs. Target contributions have been deemed at a level necessary to ensure adequate funding of c. £48m of costs identified over the next 30 years.
7	Other direct costs include property insurance, tenant participation expenses and legal and professional services. These costs will form part of the 2023/24 Budget and are based on actual spend in prior years and what is required to be expended in 2023/24.
8	Rental Income of c.£4.66m is the amount expected for 2023/24 in respect of all rents without applying a rent increase. Comparative figures are made up for a variety of rent rises ranging from 0% to 10.5%.
9	Where there are deficits shown (), this will prevent adequate Target Contributions to our Major Repairs Sinking Fund. In the short term this may not pose a great problem but will, in the longer term, compromise the ability of the Association to properly address its Major In the current climate, the Association must demonstrate that it places importance on strong financial health and robust financial controls alongside considering the affordability of rents and other charges for customers.

Extract from CHA Financial Plan 2022/27 (Sept 2022) "Our sensitivity analysis shown on pages p15-17 demonstrate that the real threat to the Association's cash position would be consistently applying less than inflation rent increases, rent lost through voids and bad debts and our substantial planned maintenance costs increasing at a rate higher than inflation".

		6,758	6,460	5,013	4,292	3,904	1,341	845	655	126
Interest receivable (0.5%)		34	32	25	21	20	7	4	3	1
FUND C/FWD	4	6,792	6,492	5,038	4,314	3,924	1,347	849	659	126

- 1 The Fund brought forward is based on the opening cash balance as at 1st April 2019 per the audited financial statements.
- 2 The Target Contribution for 2020/21 onwards of at least £950k is necessary given the Association's Life Cycle Costing Programme (LCC), Adjusted for Cyclical Maintenance. Future Target Contributions are at a level necessary to ensure adequate funding for the remainder of the LCC programme and contributions are higher in Years 6-15 where cash levels allow. These "Target Contributions" will be incorporated into the Association's future Rent Setting mechanism.
- 3 Expenditure is per the fully costed 2018 LCC document and adjusted for annual cyclical maintenance costs of £365k per annum which has been incorporated separately into the 2019/20 annual rent setting calculation. Amounts over £365k are included in the sinking fund calculation. However, long term projections are continuously changing (due to stock condition, compliance and legislative requirements) and for this reason our LCC programme will be reviewed annually over the course of the next four years. This will ensure all properties have been surveyed and our rents are set at a level which provides fully for future repairs while still considering affordability for customers (next LCC update due December 2019).
- 4 Provided Rent Reviews make provision for the 'Target Contribution' and LCC expenditure goes according to plan, then at the end of the period, the Fund is carried forward to future periods to accrue interest and meet future expenditure. However, should the LCC programme prove accurate, then in the last 10 years of the programme there appears to be a dramatic decrease in the reserves which could be funded in part from rents and from additional loans easily secured against our unencumbered housing stock. Given the comments made in Note 3 above, we should not unduly worry about deficits which may or may not arise in 20-30 years time.

From November 2022, the Association will be in the favourable position of having cleared the outstanding loans due to Dexia and only the Cart Street finance will be outstanding to Clydesdale Bank and the Graham Avenue finance to CAF Bank.

5.2 Affordability

Every RSL must show that its rents are affordable to its tenants who are in **full time employment**. Any affordability gaps should be identified and a strategy put in place to deal with them. The SFHA measures affordability in the following way:

“For a rent to be affordable, households with one person (head of household or partner) working 16 hours or more should only exceptionally be dependent on housing benefit in order to pay it.”

In the summer of 2017, the SFHA launched updated affordability guidance, including a rent affordability tool, which allows landlords to input their rent figures and obtain an affordability measure. It is generally accepted that no one should be spending any more than 30% of their income on their rent. We continue to use this as our principal measure of affordability.

We used the tool to look at various apartment sizes and family compositions and simulated a 3.0% rent increase on our current rents. The results are attached at the back of this report as appendices. We also ran a simulation using our highest rent for a 2 apartment single person property at Queens Quay, incorporating the same 3.0% rent increase.

Although not necessary, we also included council tax within the affordability measure at band B, which is broadly representative of our housing stock. There is no data available for West Dunbartonshire Council in the comparison tool.

Moderate incomes were also assumed when using the tool, as anything below this level of income is likely to be in receipt of some kind of housing benefit, meaning they would automatically fail the test based on income alone. In using the tool with the above parameters, all rents passed. The tool will also be used throughout the year by staff in connection with tenancy sustainment, new tenancies, and any new development rent calculations.

It is pleasing that we had no fails, and this helps demonstrate that our rents can be considered to be affordable under this measure.

Tenants Satisfaction Survey

As part of our ongoing survey, we ask tenants two rent related questions:

1. Are you aware what your rent money is spent on?
2. Do you feel your rent offers you value for money?

Although a basic measure, it could be argued that tenants own points of view offer more of an insight into how affordable their rent are to them than similar financial exercises.

Our most recent figures are to 31 March 2022 and show that 44% of those surveyed were aware of what their rent money was spent on (down from the 78% in 2017), whilst 99% felt that the rent they paid offered good value for money (up considerably from 89% in 2019).

These are still encouraging figures and in tandem with our affordability data demonstrate that our rents can be considered as affordable.

5.2.1 Council Tax

Council Tax adds considerably to housing costs. Many of our properties are graded B and a single person qualifying for the 25% reduction will pay approximately £90 per month.

5.2.2 Welfare Reforms

Government changes to welfare benefits such as Universal credit may continue in real terms to reduce a significant number of tenants income over the next few years. Whilst we must set rents at a level to cover management and running costs, it is prudent to incorporate a budget amount for the potential effects of welfare reform on rent arrears figures.

5.2.3 Future Strategy

Depending on the Covid-19 pandemic situation, we will again consider carrying out an affordability study during 2023 to gain more personal data on our tenants. We will continue to use the SFHA rent affordability tool across a variety of our rents. Affordability information will be used when determining rents for the following year.

We will publish articles in our newsletters regarding the availability of welfare benefits services, credit unions, housing benefit applications and how to apply for a house transfer.

We will continue to offer a tailored welfare rights service to our tenants, either in partnership with CAB, or via our own employed welfare rights officer.

We will monitor the impact of welfare reform measures such as Universal Credit on an ongoing basis and report this to our management Committee.

5.3 **Analysis of Comparable Rents & Other Options**

5.3.1 Comparability - Any comparability exercise has to be treated with some caution as Associations have such varied stock types and sizes. This makes it more difficult to assess accurately. Comparability is based on averages and Associations with few of a particular house type or size are likely to have different average rents to Associations with a lot of stock with varying amenities and sizes.

The table on the next page shows the most recent figures available for comparisons between our rents and those of the local providers.

Comparable rents between West Dunbartonshire RSL's and West Dunbartonshire Council

Average rents 2021/22 (service charges included).

* As the SHR no longer publishes Scottish average rents, these have been calculated by CHA using available ARC data from 2021/22.

As can be seen, rents for both our 2 apartment and 3 apartment properties remain amongst the lowest in the district (only Trafalgar HA has slightly lower rents). As these properties make up around 85% of our housing stock, this means that a vast majority of our tenants continue to enjoy amongst lowest rents in the district. Our 4 apartment and 5 apartment rents remain higher than some other organisations; however this is directly attributable to the fact that our properties are generally houses or four in a block properties with garden areas, as opposed to the flats found within the stock of other landlords. At £323.53 per month, our overall average rent is also well within the national average of £392.90, and is the lowest overall average rent in West Dunbartonshire by over £6 per month.

It is therefore recommended that our rents are accepted as being comparable with other RSL's in the area, as well as nationally, and moreover that they are affordable in comparison terms

5.3.2 Other Options

People who apply to the Association for accommodation have a range of other options that they can consider.

5.3.2.1 Owner Occupation

If an applicant is in secure employment or has savings, owner occupation may be an option.

The minimum price for habitable accommodation in Clydebank is approximately £65,000. This would purchase a one-bedroom flat. Only a limited number of flats are available at any one time. Additionally, people entering owner occupation can find themselves in financial difficulties if the interest rates were to rise sharply in future.

To purchase even the cheapest accommodation a person must either have a secure income or substantial assets. A purchaser also has to pay solicitors fees and often a mortgage indemnity premium. Owners also must consider the cost of future maintenance and repairs. In the current financial climate, it is also very difficult to obtain a mortgage.

5.3.2.2 Shared Ownership

The number of shared ownership properties available for purchase at any one time is limited to resales, usually only 1 or 2 properties become available each year.

The scheme does make owner occupation more affordable; however it may not always be someone's first choice of accommodation particularly at a time when full owner occupation may be more attractive because of low interest rates.

The sharing owner can increase their mortgage slightly to cover large initial costs such as solicitor's fees, thereby reducing the initial outlay. This does however add to the loan and therefore may mean higher payments.

5.3.2.3 Alternative Renting Options

A limited market for private sector renting exists in Clydebank. A typical starting rent for a self-contained flat would be £450.00 per month and could be much more. Apart from the issue of high rental cost, the standard of accommodation is variable and little security is available.

5.3.2.4 Homestake

Similar to Shared Ownership, but without the occupancy charge aspect this scheme also makes owner occupation more affordable. In practice it can be difficult for applicants to meet the criteria laid out by the Scottish Government on qualifying for Homestake and availability is very limited.

5.4 Worked Examples for 2 apartment and 3 apartment properties 2023/24 - all excluding service charges

<u>2 apartment 2 person CHA build with 3.0% rent increase</u>	
Core rent	£3,307.40
Double Glazing	£68.76
Central Heating	£123.80
CHA Build	£152.86
Total Per Annum (2023/24)	£3,652.82
Total Per Month (2023/24)	£304.40
Previous Years (last 4 years) – Monthly (Annual) Rents	
2022-2023	£295.54 (£3,546.48)
2021-2022	£291.17 (£3,494.04)
2020-2021	£289.14 (£3,469.68)
2019-2020	£282.09 (£3,385.08)

<u>3 apartment 3 person CHA build with 3.0% rent increase</u>	
Core rent	£3,491.55
Double Glazing	£68.76
Central Heating	£123.80
CHA Build	£152.86
Total Per Annum (2023/24)	£3,836.97
Total Per Month (2023/24)	£319.75
Previous Years (last 4 years) – Monthly (Annual) Rents	
2022-2023	£310.43 (£3,725.16)
2021-2022	£305.85 (£3,670.20)
2020-2021	£303.72 (£3,644.64)
2019-2020	£296.31 (£3,555.72)

The above worked examples are intended to be indicative only, they do not represent the rents of any actual tenancy. Tenant rents may be higher or lower than the above examples depending on the other rent criteria which may apply.

Previous Years Rent Increase (last 10 years) all RPI figures are at the previous December:

Year	Rent Increase %	RPI %	Comments
28 March 2013	2.9%	3.1%	Below Inflation Increase and less than RPI plus 1%
28 March 2014	3.7%	2.7%	Above Inflation Increase and equal to RPI plus 1%
28 March 2015	2.0%	1.6%	Above Inflation Increase but less than RPI plus 1%
28 March 2016	1.7%	1.2%	Above Inflation Increase but less than RPI plus 1%
28 March 2017	1.5%	1.6%	Below Inflation Increase and less than RPI plus 1%
28 March 2018	3.5%	4.1%	Below Inflation Increase and less than RPI plus 1%
28 March 2019	3.0%	2.7%	Above Inflation Increase but less than RPI plus 1%
28 March 2020	2.5%	2.2%	Above Inflation Increase but less than RPI plus 1%
28 March 2021	0.7%	1.2%	Below Inflation Increase and less than RPI plus 1%
28 March 2022	1.5%	7.5%	Below Inflation Increase and less than RPI plus 1%

1 April 2023 = 3.0% (RPI 13.4%) Below Inflation Increase and less than RPI plus 1%

Based on the contents of the policy, it is recommended that it is adopted for rent setting for the next financial year and that a rent increase of 3.0% be applied, this being in line with option 1 on the consultation sent to all tenants.

It is also recommended that the rent debit date be moved back from the 28 March 2023 to 1 April 2023, this will have no negative impact on any tenants and appropriate mention and recognition will be afforded in this year's ARC return.

Clydebank Housing Association Equality Impact Assessment Tool

Name of the policy / proposal to be assessed	Rent & Service Charge Policies	Is this a new policy / proposal or a revision?	Revised Policies
Person(s) responsible for the assessment	Joe Farrell, Head of Housing Services		
1. Briefly describe the aims, objectives and purpose of the policy / proposal	To have an open and transparent system of rent setting and service charges in line with legal requirements and relevant legislation.		
2. Who is intended to benefit from the policy / proposal? (<i>e.g. applicants, tenants, staff, contractors</i>)	The policy will benefit customers, in that they can be assured that CHA calculates and sets rents taking into account affordability, comparability and viability. Staff will benefit as they will also be able to demonstrate this to customers and ensure that rent calculations are correct and in line with guidance.		
3. What outcomes are wanted from this policy / proposal ? (<i>e.g. the benefits to customers</i>)	Identify any potential or real inequalities that result from the application of the rent and service charge policies & associated procedures.		

<p>4. Which protected characteristics could be affected by the proposal? (<i>tick all that apply</i>)</p> <p> <input type="checkbox"/> Minority Ethnic <input type="checkbox"/> Gender <input type="checkbox"/> Disability <input type="checkbox"/> Sexual Orientation <input type="checkbox"/> Age <input type="checkbox"/> Religion <input type="checkbox"/> Transgender /Transsexual <input type="checkbox"/> Marriage /Civil Partnership <input type="checkbox"/> Pregnancy /Maternity </p>		
<p>5. If the policy / proposal is not relevant to any of the protected characteristics listed in part 4, state why and end the process here.</p>		
<p>6. Describe the likely positive or negative impact(s) the policy / proposal could have on the groups identified in part 4</p>	<p>Positive impact(s)</p>	<p>Negative impact(s)</p>
	<p>There are no specific positive impacts on any individual groups from this policy. The policy is intended to demonstrate a fair and equal calculation and assessment of rents irrespective of the tenants protected characteristics.</p>	<p>There are no specific positive impacts on any individual groups from this policy. The policy is intended to demonstrate a fair and equal calculation and assessment of rents irrespective of the tenants protected characteristics.</p>
<p>7. What actions are required to address the impacts arising from this assessment? (<i>This might include collecting additional data, putting monitoring in place, specific actions to mitigate negative impacts</i>).</p>	<p>None</p>	

Signed: Joe Farrell (Job title): Head of Housing Services

Date the Equality Impact Assessment was completed: 02 February 2023
